What a wonderful time in God's presence! As close to 80 people gathered, we worshipped and celebrated Jesus and the wonder of God's mercy towards us. The praise grew stronger as we heard a prophetic

word proclaiming that "the glory shines forth from the mercy seat". The Lord encouraged us to seek His mercy seat, and to recognise that the enemy has tried to drown out God's mercy. We sang out the goodness and promises of God for our nations. As we sang, so another word was released, to 'uncap the wells in the nation'. We took off in worship again, crying to God to release His living water in all the capped wells in our own lives and particularly to release the nation from unbelief. Then all who wanted prayer were anointed with oil.

In the afternoon we continued in worship and prayer, specifically to thank God for the good that is happening in Cumbria as the churches work together to bring blessing, and to pray for the uncapping of the well of revival in North Korea.
